Call for nominations

July 2018

Lessons Management Award 2018

Nominations are now being accepted for the **AFAC Lessons Management Award 2018**. This is the inaugural year of the award thanks to the generous support of ISW Development Pty Ltd. AFAC with member agencies has recognised the continued need to build lessons management capability within the fire and emergency services within Australia

ISW Development Pty Ltd (ISW) have partnered with AFAC and AIDR to recognise agencies that are at the forefront of lessons management development and capability. ISW is a multi-award winning Australian Premier Business Partner focused on delivering innovative and intelligence business technology solutions based on IBM technology. ISW has been working closely with Emergency Management Victoria for a number of years and developed Victoria's fire multi-agency lessons management IT system to identify learning lessons across the emergency management sector.

In recognition of their efforts to develop lessons management capability within their agency and across the sector, the winning agency will receive:

- recognition of their project through the presentation of an award at the Lessons Management Forum 2018 being held in Melbourne in August 2018
- a certificate to all team members involved in the development of the winning project
- an opportunity to present on their winning lessons management capability project at the Lessons Management Forum 2018
- two free passes to the Lessons Management Forum 2018 to the value of $770.

AFAC will profile award winners on the AFAC website and through AFAC News. Winners will also be able to display details of the award through their own communication channels.

To facilitate nominations, I have enclosed a copy of the program protocol and nomination form. Please forward nominations **by Friday 3 August 2018** to AFAC at: lessons@afac.com.au.

If you have any queries, please contact Nicola Laurence on 03 9418 5207 or email nicola.laurence@afac.com.au.

Regards

Dr Noreen Krusel
Director, Knowledge and Research Implementation, AFAC/AIDR
